考前最後衝刺大補帖

張萱利 Shelly · 32題中英短答 / 8種雙語模板 / 50個重點字與片語

把妳已經做過的事，
說得具體、自然、經得起追問。

主軸：飯店第一線 × 英韓溝通 × 多確認一步。

90分鐘完整衝刺

15分看故事與自介 → 25分抽練優先12題 → 15分新聞與創意 → 15分套模板 → 10分詞句 → 10分模擬與回聽。

只剩30分鐘

5分自介與兩個故事 → 15分優先12題各挑中文或英文計時 → 5分選一則新聞 + Miffy → 5分最後速看頁。

只剩10分鐘

直接看第35頁。說一次自介、各說一個服務與失誤例子，確認安全與誠實的底線；不再背新長稿。

02-04 六個真實故事 + 本人新版韓文自介

05-16 核心24題：帶關鍵字、追問與避雷

17-20 六則新聞重點 + 茶文化與Miffy提案

21-24 八種中英文通用模板

25-31 50個重點字 + 常用搭配與句型

32-35 快問快答、模擬、來源與最後速看

每題中文或英文各約30-45秒，不把兩版連續念完。只有01、05、17、19標示本人回顧已問過；其他是整理練習，不代表必考或出題機率。優先12題為複習建議。

六個故事，回答時一次只選一個

這裡是記憶提示，完整30-45秒示範見指定題號；英文短句可用來起頭。

S-A 加拿大旅客：連假租車

可回答：動機、主動服務、解決問題、成就感

想在台北車站附近租車 → 先打電話確認 → 已租完 → 改找飯店附近公司、協助預約 → 隔天回來道謝。

I called ahead during a holiday, found the original rental office fully booked, and helped arrange a reservation near the hotel.

守住事實：只提供地址還沒排除障礙；重點是多確認了車況。

對照短答：02、09

S-B 哥倫比亞旅客：中文線上報到

可回答：跨文化、語言、細心、數位工具、人員價值

中文介面與手機操作卡住 → 陪她核對資料、翻譯畫面 → 一步一步完成線上報到。

I checked her details and translated the Chinese instructions step by step until she completed online check-in.

守住事實：與加拿大租車事件分開；主動協助仍要尊重同意與隱私。

對照短答：01、04、10

S-C 孕婦旅客：靠枕與近電梯房間

可回答：觀察力、細心、需求預判、服務細節

注意到旅客站得不舒服 → 準備靠枕、協助安排近電梯房間 → 旅客在評論提到這份照顧。

I noticed her discomfort and helped with a cushion and a room near the lift. She later mentioned the care in a review.

守住事實：觀察不等於診斷；轉為機上情境時，先詢問需求再協助。

對照短答：細心題可用本例替換09的租車故事

可靠的說法：確認需求 → 完成或交接 → 回報；不是宣稱「什麼都知道、不需要再檢查」。

六個故事，回答時一次只選一個

這裡是記憶提示，完整30-45秒示範見指定題號；英文短句可用來起頭。

S-D 韓國醉酒旅客：私人電話界線

可回答：韓文、專業界線、困難旅客、穩定溝通

旅客索取私人電話 → 用韓文有禮拒絕 → 提供飯店公務電話 → 提醒同行導遊留意。

I declined politely in Korean, offered the hotel's official number, and alerted the tour guide.

守住事實：沒有把假設的碰觸、暴力或受傷加進真實事件。

對照短答：13、20

S-E 高卡會員：禮遇說明不完整

可回答：失誤、客訴、責任、負面回饋、改善

入住時禮遇未完整說明 → 旅客不滿 → 不歸咎旅客趕時間 → 致歉、逐項補說明與確認需求。

I took responsibility for the incomplete explanation, apologised, and went through the benefits with the guest.

守住事實：不虛構補償金額、官方表揚或從此零失誤。

對照短答：11

S-F 哭泣旅客：房型不足找替代

可回答：同理、無法滿足要求、客訴、資源限制

旅客已錯過班機，房型問題成為最後壓力 → 先聽完 → 確認需要休息 → 以沙發床作為可行替代。

I listened to what had happened and helped arrange a sofa bed when her preferred room was unavailable.

守住事實：飯店可行方案不直接搬到機上；先核對安全、資源與權限。

對照短答：12

可靠的說法：確認需求 → 完成或交接 → 回報；不是宣稱「什麼都知道、不需要再檢查」。

韓文自我介紹：依妳提供版本

練法

先自然念一遍並錄音，保留句與句之間的停頓。超時先縮短停頓或依現場要求取捨，避免把每個詞趕在一起。

中英文另備本冊01的精簡版。這三種語言的稿子各有取捨，不必為了逐句對譯而加長韓文。

動機與自我認識

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

01 請簡單介紹自己。

優先熟練

Please introduce yourself.

記憶線：凱悅櫃檯 / 英韓溝通 / 多確認一步

考官好，我是張萱利，目前在凱悅飯店擔任櫃檯接待，能用英文和韓文與旅客溝通。我習慣多確認一步，例如協助外國旅客看懂中文介面、完成線上報到。我想把這份細心和解決問題的態度帶進華航，踏實學習航空安全，成為旅客安心、同事信任的組員。謝謝。

Hello, my name is Shelly. I work at the front desk of a Hyatt hotel and communicate with guests in English and Korean. I like taking an extra step, such as guiding a guest through online check-in in Chinese. I hope to bring that care to China Airlines, learn aviation safety properly, and become a dependable member of the crew. Thank you.

追問：妳最想讓考官記住哪一點？

我會多確認一步，讓旅客的問題有實際進展。

I take an extra step to help guests move forward.

避雷：自介只放一個例子；不用塞進全部證照與故事。

依據：本人服務與準備資料

02 為什麼想從飯店轉任空服員？

優先熟練

Why do you want to become a cabin crew member?

記憶線：加拿大旅客 / 成就感 / 安全與團隊

飯店工作讓我確定，幫旅客把問題真正解決，是我很有成就感的事。我曾在連假協助加拿大旅客找到可租的車，他隔天回來道謝，讓我更喜歡旅程第一線的工作。空服員吸引我的，還有在有限環境中與團隊共同承擔安全責任。我希望延續服務經驗，也踏實學習航空專業。

Hotel work showed me how much I enjoy solving problems for travellers. A Canadian guest returned to thank me after I helped him find a rental car during a holiday. Cabin crew work also appeals to me because the team shares responsibility for safety in a limited environment. I want to build on my service experience while learning the aviation skills the role requires.

追問：飯店也能服務旅客，為什麼一定要航空業？

我想承擔客艙安全與服務的雙重責任，也願意從新人開始學。

I want to take on both cabin safety and service responsibilities, starting as a learner.

避雷：肯定飯店的累積；不要只說想旅行、舞台更大。

依據：本人服務與準備資料

為什麼華航／能帶來什麼

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

03 為什麼選擇華航？

優先熟練

Why do you want to join China Airlines?

記憶線：787月曆 / 跨部門 / 櫃檯與房務

我選擇華航，是因為研究公司時，看到旅客體驗背後很具體的團隊合作。像十月發布的787主題月曆，把機師、空服、地勤和修護的準備串在一起。在飯店櫃檯，我也需要和房務協調，才能讓旅客順利入住。我希望把願意確認、主動合作的習慣帶進華航，並從訓練建立航空專業。

China Airlines interests me because my research made its teamwork tangible. The October 787-themed calendar shows pilots, cabin crew, ground staff, and maintenance teams preparing together. At the hotel, a smooth guest experience also depends on coordination with housekeeping. I would like to bring that cooperative approach to China Airlines and develop the aviation knowledge needed to contribute responsibly as a new crew member.

追問：妳知道華航內部的工作文化嗎？

我目前的理解來自公開資料；實際加入後仍要觀察、學習和適應。

My understanding comes from public information; I would still need to learn the actual working environment.

避雷：不把公開新聞當成已親身證實的內部文化。

依據：S1 787月曆；本人櫃檯經驗

04 妳能為華航帶來什麼？

優先熟練

What would you bring to China Airlines?

記憶線：跨文化 / 確認細節 / 願意請教

我能帶來跨文化溝通、細心核對和把事情接下去的態度。哥倫比亞旅客曾因中文介面無法線上報到，我陪她核對資料、翻譯畫面，完成步驟。英文與韓文讓我更容易直接理解旅客需求；遇到不懂的內容，我也願意請教。我希望把已有的服務經驗帶進團隊，再依正式訓練學會航空工作。

I bring cross-cultural communication, attention to detail, and follow-through. When a Colombian guest struggled with online check-in in Chinese, I checked her details and translated the instructions step by step. English and Korean help me understand guests more directly. I also ask for help when something exceeds my knowledge. I would bring useful service experience and the willingness to learn aviation procedures correctly.

追問：其他人也有服務經驗，妳的差異是什麼？

我會把語言能力用在實際困難上，並確認旅客能完成下一步。

I use my languages to address a specific difficulty and help the guest complete the next step.

避雷：不說公司一定要錄取我；用一件可追問的事證明。

依據：本人服務與準備資料

準備與成長

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

05 為這次面試做了哪些準備？

本人回顧已問

How have you prepared for this interview?

記憶線：語言 / 經驗整理 / 職務理解

我的準備分成語言、經驗整理和職務理解。我練習用英文把飯店案例說清楚，也維持韓文能力；回看過去的面試，檢查答案是否真的回答問題。我也閱讀華航新聞，把一項事實連到旅客需求和空服工作。準備過程讓我更清楚，服務經驗可以轉移，但安全設備與應變仍必須經過正式訓練。

I have focused on language, reviewing my experience, and understanding the role. I practise explaining hotel situations in English and maintain my Korean. I review earlier interview answers to see whether they address the question. I also connect China Airlines news with passenger needs. This preparation helps me recognise which hospitality skills transfer, and which aviation duties still require proper formal training and practice.

追問：請舉一個最近練習的例子。

例如延誤題，我把含糊說法改成確認資訊後誠實說明。

For example, I revised my delay answer to focus on verified information and honest communication.

避雷：準備方法只說真的做過的；這題追問不能背假成果。

依據：本人服務與準備資料

06 與上次相比，妳進步最多的是什麼？

延伸練習

How have you improved since your previous interview?

記憶線：延誤舊答 / 誠實修正 / 現場能做什麼

我最大的進步，是回答問題時更重視現場真的能怎麼做。以前談延誤，我曾把不同原因想成可以有不同程度的說明。現在我更清楚，應該先確認資訊，再誠實傳達，不因涉及人為因素就含糊。我也更能分清飯店經驗與航空訓練的界線。比起把答案說得漂亮，我更希望自己的判斷經得起追問。

I now focus more on what I could responsibly do in the situation. In an earlier answer about delays, I thought different causes might justify different levels of explanation. I now understand the need to verify facts and communicate honestly, including when human error is involved. I also distinguish hospitality experience from aviation training. My answers should reflect sound judgement, rather than simply sound polished.

追問：妳以前的回答不夠好，為什麼還應該錄取？

我願意認真修正觀念，也能說明現在會採取的做法。

I can acknowledge a weak judgement, explain the correction, and act on it.

避雷：這是自己的反思；不虛構考官曾給過的評語。

依據：本人服務與準備資料

轉職與面對結果

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

07 飯店櫃檯與空服員有什麼不同？

延伸練習

How is cabin crew work different from hotel service?

記憶線：有限資源 / 安全責任 / 從新人學習

兩者都需要傾聽、溝通與合作，但空服員在有限的客艙裡，還直接負有安全、保安和應變責任，可取得的資源也不同。飯店經驗能幫助我穩定面對旅客，卻不能取代航空訓練。我會把自己當成新人，依正式程序學習、演練並接受回饋，保留服務態度，同時建立新工作的判斷方式。

Both roles require listening, communication, and teamwork. Cabin crew also have safety, security, and emergency responsibilities in a confined environment with different resources. My hotel experience helps me stay composed with guests, but it does not replace aviation training. I would adapt as a beginner: learn official procedures, practise, and accept feedback, while bringing the service habits I have developed at the front desk.

追問：飯店經驗最能轉移的是什麼？

聽清楚需求、核對資訊、協調分工和回報進度。

Listening carefully, checking information, coordinating tasks, and reporting progress.

避雷：不用「飯店就是空服職前訓練」來畫上等號。

依據：本人服務與準備資料

08 如果這次沒有錄取，妳會怎麼做？

延伸練習

What would you do if you were not selected?

記憶線：承認失望 / 具體檢討 / 持續累積

我會失望，因為我認真看待這次機會，但不會把一次結果當成對自己的全部評價。我會記下現場題目和表現，分清楚能改善的地方，再安排練習，同時持續累積服務和語言能力。如果之後仍符合條件，也確定這是想走的職涯，我會再次準備。每一次應考都應帶來改變，而不是重複同一份答案。

I would be disappointed because this opportunity matters to me, but one result would not define my ability. I would review the questions and my performance, identify specific improvements, and keep developing my service and language skills. If I remain eligible and committed to this career, I would prepare to apply again. Each attempt should bring a meaningful change, rather than the same answer repeated.

追問：妳知道上次沒錄取的原因嗎？

我沒有官方說明，能做的是檢視自己的表現，避免自行猜測。

I do not have an official explanation, so I would review my own performance without guessing.

避雷：不用「我絕不難過」或把未錄取原因說成已知。

依據：本人服務與準備資料

主動服務與數位協助

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

09 分享一次超出期待的服務。

優先熟練

Tell us about a time you exceeded a guest's expectations.

記憶線：加拿大 / 先打電話 / 改找附近公司

一位加拿大旅客想在台北車站附近租車。我不只查位置，也因為正值連假，先打電話確認是否有車。發現已租完後，我改找飯店附近的租車公司，協助他完成預約。他隔天回來道謝，讓我很有成就感。這次經驗讓我理解，多做的那一步不一定很大，但要真的幫旅客排除下一個困難。

A Canadian guest wanted to rent a car near Taipei Main Station. Since it was a holiday, I called ahead instead of only giving directions. The cars were fully booked, so I found a company near the hotel and helped him reserve one. He returned to thank me the next day. I learned that an extra step matters when it removes a real obstacle.

追問：如果最後仍然找不到車呢？

誠實說明查詢結果，再確認旅程需求與可行的交通替代方案。

Explain what I found honestly, then explore available transport alternatives for his plans.

避雷：加拿大是租車事件；不要混成線上報到。

依據：本人服務與準備資料

10 數位服務會取代人員嗎？

優先熟練

Will digital services replace human service?

記憶線：哥倫比亞 / 中文介面 / 陪她完成

數位工具能讓流程更方便，但不一定解決每位旅客的困難。一位哥倫比亞旅客曾因中文介面、不熟悉手機操作，無法完成線上報到。我陪她核對資料、翻譯畫面，一步一步完成。這讓我理解，人員的價值是發現工具沒有解決的問題，再提供合適協助。使用工具時，也要尊重旅客意願和資料隱私。

Digital services make routine tasks easier, but they do not remove every barrier. A Colombian guest struggled with online check-in because the interface was in Chinese and she was unfamiliar with her phone. I checked her details and translated the steps until we completed it. Human service adds value by noticing what the tool has missed and offering help while respecting the guest's privacy.

追問：妳會直接拿過旅客的手機嗎？

先問是否需要協助、說明步驟，由旅客確認資料與重要選項。

I would ask permission, explain each step, and let the guest confirm important details.

避雷：不把資料貼入私人或未核准的翻譯、AI工具。

依據：本人服務與準備資料

失誤與有限資源

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

11 分享一次失誤與補救。

優先熟練

Tell us about a service mistake and how you addressed it.

記憶線：會員禮遇 / 自己承擔 / 確認理解

有次高卡會員入住時，我沒有完整說明禮遇，造成後續不滿。我沒有把責任推給對方趕時間，而是在能再次說明時，親自致歉、逐項補充權益並確認需求。這提醒我，說明完成不只是把話講過，還要確認對方理解。遇到匆忙的旅客，我會先講重要資訊，再確認哪些內容需要後續補充。

A high-tier member was upset because I had not fully explained his hotel benefits. I did not blame him for being in a hurry. When I had another opportunity, I apologised, explained the benefits, and checked his needs. It taught me that speaking is not the same as being understood. With a guest in a rush, I would prioritise essential information and arrange follow-up.

追問：如果旅客不接受道歉？

先處理仍未解決的需求，再按權限請主管協助，不要求對方立刻原諒。

Address the remaining need and seek appropriate support, without expecting immediate forgiveness.

避雷：不加上沒發生的補償、稱讚或「從此零失誤」。

依據：本人服務與準備資料

12 無法滿足旅客原本的要求時呢？

延伸練習

What would you do when a guest's request cannot be met?

記憶線：錯過班機 / 先聽完 / 沙發床替代

有位旅客早上錯過班機，又遇到房型問題，在入住時情緒崩潰。我先讓她把話說完，了解她當下最需要休息。原本想要的房型無法提供，我就協助以沙發床作為替代。這讓我學到，不能滿足原要求時，還是可以誠實說明限制、找出真正的需要，在可行範圍提供幫助，而不只回答沒有辦法。

A guest became upset at check-in after missing her flight and encountering a room problem. I listened and understood that she needed rest. Her preferred room was unavailable, so I helped arrange a sofa bed as an alternative. I learned to look beyond the original request. An honest explanation and a practical option can still help, even when we cannot provide exactly what was requested.

追問：這套做法能直接搬到機上嗎？

傾聽與確認需求可以，但替代方案要依客艙資源、安全與權限重新判斷。

The listening transfers; the alternative must fit cabin resources, safety rules, and my authority.

避雷：不預設每種客訴都能升等、換位或補償。

依據：本人服務與準備資料

韓文能力與可靠

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

13 韓文能力如何幫助工作？

優先熟練

How has your Korean helped you at work?

記憶線：韓國交換 / TOPIK 4 / 禮貌守界線

我在韓國交換一學期，也取得TOPIK四級，在飯店能用韓文協助旅客理解服務資訊。有次喝醉的韓國旅客索取私人電話，我保持禮貌、清楚拒絕，改提供飯店公務電話，並提醒同行導遊留意。語言讓我能直接溝通，也更能清楚表達界線。遇到重要資訊或超出能力的內容，我仍會確認並尋求協助。

I spent an exchange semester in Korea and earned TOPIK Level 4. At the hotel, a Korean guest who had been drinking asked for my private number. I declined politely in Korean, offered the hotel number, and alerted the tour guide. The language helped me communicate clearly while maintaining a boundary. I would still seek assistance whenever important information exceeded my language ability.

追問：妳能處理所有韓文安全或醫療內容嗎？

不能這樣保證；重要資訊須用核准資料並請合適人員再確認。

I cannot guarantee that; important information needs approved material and appropriate verification.

避雷：真實事件是索取電話；沒有把假設碰觸說成發生過。

依據：本人服務與準備資料

14 同事說妳可靠，如何證明？

延伸練習

How would you demonstrate that you are reliable?

記憶線：學姊 / 完成回報 / 知道何時問

同事叫我學姊，對我來說是一種信任，也提醒我要把交辦的事處理清楚。可靠不是什麼都知道，而是先確認需求、完成後回報，遇到不確定的地方願意請教。飯店經驗讓我更有條理，但進入航空業仍是新人。我希望同事信任我，是因為關鍵資訊會核對、事情有人追蹤，而不是因為我不需要協助。

My colleagues call me their go-to person, which I see as trust and responsibility. Being reliable means clarifying a task, following through, reporting back, and asking when unsure. Hotel experience helps me stay organised, but I would still be a beginner in aviation. I want colleagues to trust me because I check important details and keep track of tasks, including when I need support.

追問：一直請教會不會拖慢團隊？

先整理問題、查核正式資料，再針對疑點請教；安全關鍵不靠猜。

Prepare a clear question and check official material, while never guessing about safety.

避雷：不再說「交給我的事不用確認第二次」。

依據：本人服務與準備資料

多工與團隊承諾

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

15 多位旅客同時需要協助，如何排序？

延伸練習

How would you handle several requests at once?

記憶線：風險 / 時效 / 分工與回報

我會先快速確認各自需求，優先處理安全、身體不適或其他急迫風險，再依時間敏感性和資源安排服務。我會回應需要等待的旅客，說明正在處理，也請同事分工。飯店尖峰時段讓我學到，多工不是同時答應所有人，而是排出順序、保持資訊清楚，並確認每項需求都有人接手與後續回覆。

I would first identify each need and prioritise safety concerns, illness, or other urgent risks. Then I would consider time sensitivity and available resources. I would acknowledge passengers who need to wait and coordinate tasks with colleagues. Busy hotel shifts taught me that multitasking means setting priorities and keeping requests visible, rather than promising everything at once. Each request should have someone responsible for follow-up.

追問：如果聲音最大的旅客要求先服務？

先確認是否有急迫需求；一般排序仍依風險與時效，不依音量。

Check for an urgent need, but prioritise by risk and time sensitivity, not volume.

避雷：不要只說「先安撫全部旅客」，卻沒有人處理急迫風險。

依據：本人服務與準備資料

16 同事答應了做不到的事，怎麼辦？

延伸練習

What if a colleague promised something unavailable?

記憶線：查明承諾 / 協調說明 / 可行替代

我會先確認同事答應的內容，以及目前資源和權限，避免誤會。如果確實無法提供，就和同事或主管協調清楚的說明，再向旅客致歉並提出可行替代方案。我不會在旅客面前責怪同事，也不會為了圓場，再給一個做不到的承諾。事後再檢討資訊如何同步，讓旅客知道事情有人負責接下去。

I would confirm exactly what was promised and check our resources and authority. If we cannot provide it, I would coordinate an accurate explanation with my colleague or supervisor, apologise, and offer a workable alternative. I would avoid blaming a colleague in front of the passenger or making another unrealistic promise. Afterwards, we could review how to share information better and prevent the same problem.

追問：旅客問是誰答應的，妳會隱瞞嗎？

如實確認服務經過，但把重點放在目前如何處理，不推責。

Explain the service history honestly while focusing on the solution, without shifting blame.

避雷：維護團隊形象不等於掩蓋已確認的錯誤。

依據：本人服務與準備資料

誠實資訊與主管要求

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

17 航班無法起飛，會說實話嗎？

優先熟練

Would you tell passengers the truth about a delay?

記憶線：已確認資訊 / 不猜不藏 / 急迫需求

會，我會誠實說明已確認、可對外傳達的資訊。若原因仍在評估，就直接說正在確認，不用猜測填補空白，也不因涉及人為因素而刻意含糊。我會向負責人員確認更新，並了解旅客是否有轉機、用藥等急迫需求。對我而言，誠實也包括清楚說明目前不知道什麼，以及接下來會如何協助。

Yes. I would share confirmed information honestly and follow the crew's communication guidance. If the cause is still being assessed, I would explain that rather than guess or hide a known mistake. I would seek updates and check urgent needs, such as connections or medication. Honesty also means stating what we do not yet know and explaining what support we can provide meanwhile.

追問：如果是公司疏失，也說嗎？

已確認且可對外說明的事實要誠實傳達；不編造天候等其他原因。

Communicate confirmed, releasable facts honestly; do not invent a different cause.

避雷：「統一說法」是為了資訊準確，不能拿來合理化說謊。

依據：本人服務與準備資料

18 主管要求說不實原因，妳會照說嗎？

延伸練習

What if a supervisor asked you to give a false explanation?

記憶線：核對資訊差 / 誠實 / 正式反映

我不會明知不實還照說。我會先私下確認主管是否有新資訊，並具體說明我發現的差異，請他確認正確說法。釐清前，就向旅客說明已確認的狀況和仍在查核的部分，不自行補上原因。若仍被要求傳達不實資訊，我會依正式管道向適當主管反映，保持尊重，也守住誠實溝通的責任。

I would not knowingly repeat false information. First, I would check privately whether my supervisor had new information and explain the specific difference I had noticed. While clarifying it, I would tell passengers what was confirmed and what remained uncertain. If I was still asked to provide a false explanation, I would raise the concern through the appropriate channel respectfully, rather than pass it on.

追問：妳是不是不服從主管？

我會尊重分工、核對資訊，但服從不能成為傳達不實資訊的理由。

I respect the chain of responsibility, but that does not justify knowingly misleading passengers.

避雷：不在旅客面前與主管爭吵，也不把自己的推測當定論。

依據：本人服務與準備資料

社群與專業界線

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

19 會在社群分享空服員工作嗎？

優先熟練

Would you share your cabin crew life on social media?

記憶線：制服是責任 / 隱私 / 發布前檢查

我會把制服看成責任，也留意分享方式。公司規範允許時，我可以分享自己的學習或正面生活感受，但不公開旅客資料、未經同意的影像和內部訊息，也不靠工作抱怨吸引注意。發布前，我會檢查是否尊重當事人、符合規範並維持專業。我希望別人因為我的工作方式信任我，而不只是羨慕這份工作。

I see the uniform as a responsibility. If company rules allow, I may share positive reflections on my own learning, but not passenger information, images without permission, or internal details. Before posting, I would check privacy, company policy, and professional image. A private account is not a guarantee that content stays private. I would rather earn trust through my work than attention through a post.

追問：不寫姓名的旅客故事可以發嗎？

仍可能從航班、時間與細節辨識本人；不把去名當成可公開。

Flight details and timing may still identify someone; removing a name is not enough.

避雷：不必承諾完全不用社群；清楚說明界線即可。

依據：本人服務與準備資料

20 醉酒旅客索取私人電話或碰觸，怎麼辦？

延伸練習

How would you handle inappropriate behaviour from a passenger?

記憶線：明確拒絕 / 安全距離 / 支援

我會清楚拒絕提供私人資料；若有不當碰觸，就請對方停止並保持安全距離。涉及威脅或持續干擾時，依程序尋求同事和座艙長支援，不獨自忍耐或爭辯。飯店曾有醉酒旅客向我要電話，我改提供公務電話並提醒導遊。若升高到碰觸，就要提高到人身安全與通報層次，不能只靠耐心處理。

I would clearly decline to share private details and ask the passenger to stop any inappropriate contact. If there is a threat or continuing disruption, I would keep a safe distance and seek crew support through procedure. At the hotel, I offered the official number to a guest who requested mine. Physical contact would require a stronger safety response, rather than simply more patience.

追問：怕被客訴，妳還會拒絕嗎？

會。態度保持有禮，但不能用人身安全或隱私交換旅客滿意。

Yes. I can be polite without giving up personal safety or privacy.

避雷：提供公務聯絡方式不等於要繼續單獨應付升高的威脅。

依據：本人服務與準備資料

安全職責與提醒同事

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

21 空服員最重要的責任是什麼？

優先熟練

What is the most important responsibility of cabin crew?

記憶線：安全 / 具體行動 / 服務與訓練

我認為最重要的是客艙安全，包含依訓練完成檢查、觀察異常、清楚傳達指示，以及和團隊協作應變。再忙的服務也不能成為省略安全步驟的理由。飯店工作讓我習慣觀察需求和保持穩定，但我知道客艙安全需要完整訓練。我希望把服務經驗帶進團隊，同時確實學會並完成自己負責的安全工作。

The central responsibility is cabin safety: completing trained checks, noticing unusual conditions, communicating instructions clearly, and responding as a team. Busy service cannot justify skipping a safety step. My hotel work helps me notice needs and stay composed, but I recognise that cabin safety requires formal training. I would bring those service habits while learning to carry out my own safety responsibilities correctly.

追問：安全優先是不是可以不用在意服務？

安全是必要基礎；可行時仍要清楚說明、提供選項與後續關心。

Safety is the foundation; clear explanations, workable choices, and follow-up still matter.

避雷：不要只喊安全第一，要說出檢查、觀察、指示與團隊行動。

依據：本人服務與準備資料

22 發現資深同事漏做安全步驟，敢提醒嗎？

延伸練習

Would you speak up about a senior colleague's safety error?

記憶線：尊重直接 / 即時風險 / 通報

會。我會先確認觀察到的情況，再尊重但直接地提醒，例如這個步驟是不是需要再確認。若涉及立即安全風險，就依訓練採取必要行動並通報座艙長，不等到下班才私下談。事後可以再檢討原因與改善方式。我尊重資深同事的經驗，也相信共同確認是在保護旅客和彼此，並不是挑戰誰的地位。

Yes. I would confirm what I observed and raise it respectfully but directly, for example, 'Could we check this step once more?' If there is an immediate safety concern, I would act within my training and notify the purser, rather than wait until after work. Respecting a colleague's experience and speaking up are compatible. The purpose is to protect passengers and the team.

追問：資深同事說不用妳管呢？

若疑慮仍在，依安全程序通報；不因年資或面子放掉風險。

If the concern remains, follow the reporting procedure regardless of seniority.

避雷：一般意見可以事後談；已知安全疑慮不能先配合、下班再說。

依據：本人服務與準備資料

行動電源與陌生設備

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

23 旅客堅持用行動電源，怎麼勸說？

優先熟練

What if a passenger insists on using a power bank?

記憶線：理解不便 / 停止使用 / 核准替代

我會先表示理解手機沒電的不便，再清楚說明機上禁止使用行動電源及為它充電，請他停止並依規範收放。我會確認該機型是否有能依規定使用的座位電源；若沒有，就誠實說明目前限制。若仍不配合，請座艙長支援。我可以協助找可行選項，但不因旅客著急，就自行放寬安全要求。

I would acknowledge the inconvenience and explain that using or charging a power bank on board is prohibited for safety reasons. I would ask the passenger to stop and store it appropriately, then check whether approved seat power is available. If not, I would explain the limitation honestly. Continued refusal would require the purser's support. I would offer options without creating a safety exception.

追問：攜帶數量與機上使用是同一件事嗎？

不同。可攜帶不代表可使用；攜帶還要符合數量、容量等規定。

No. Permission to carry an item does not mean permission to use it.

避雷：依現行規範：每人最多2個、不可託運；容量等條件另須核對。[S8]

依據：S8 民航局 2026-04-02公告

24 不熟悉的機上設備，可以自己摸索嗎？

延伸練習

Would you try unfamiliar aircraft equipment by yourself?

記憶線：飯店案例不同 / 正式訓練 / 及時請教

不可以直接類比飯店經驗。吸塵器故事代表我願意解決問題，但航空設備可能涉及飛安，不能靠未經允許的試用來學習。我會依正式訓練和程序操作，不確定時立即請教合適的組員或主管，不因怕麻煩別人就猜測。對我而言，主動不是凡事自己做，而是主動找到安全、正確且有人確認的處理方式。

I would not treat hotel tools and aircraft equipment as equivalent. My vacuum-cleaning story shows initiative, but aviation equipment may involve safety and must not be learned through unauthorised trial and error. I would follow training and procedures and ask an appropriate crew member when unsure. Taking initiative means actively finding the safe and correct way forward, including getting help when I need it.

追問：如果正在忙，沒有人能馬上教妳？

先依訓練維持現場安全並尋求適當支援，不因趕時間擅自操作。

Maintain safety within my training and seek appropriate support, rather than improvise.

避雷：「我學很快、自己試就會」不是航空安全能力的證明。

新聞：787與跨年主題

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

N1 近期哪項華航發展最有印象？

新聞延伸練習

Which recent China Airlines development impressed you?

記憶線：787 / 月曆與ITF / 跨部門準備

已發布：10/29月曆；11/6 ITF以AI呈現月曆客艙場景。[S1-S2]

我對華航的787主題月曆印象深刻。它不只呈現客艙，也把空服、地勤、機師和修護的準備串在一起。在飯店，旅客能否順利入住，也取決於櫃檯和房務的資訊是否一致。我喜歡這種從整段旅程看服務的方式，也提醒自己新機代表新的學習需求，不能只熟悉外觀，還要依訓練理解設備和流程。

The 787-themed calendar impressed me because it shows the teams behind the passenger experience, including cabin crew, ground staff, pilots, and maintenance. At the hotel, a smooth stay also depends on consistent information between departments. It reminds me to see the whole journey. New aircraft also mean new learning: I would need proper training in the equipment and procedures, beyond knowing the cabin design.

追問：可以保證照片就是實際客艙嗎？

不能。官方註明是模擬示意，配置和設備以最終交機構型為準。

No. The images are illustrations; final details depend on the delivered configuration.

避雷：不由展示推論已交機、已載客或自己體驗過。

依據：S1 2026-10-29；S2 2026-11-06

N2 妳怎麼看跨年主題航班？

新聞延伸練習

What do you think of the New Year-themed flight?

記憶線：CI837 / 全旅程體驗 / 安全可調整

規劃：12/31 台北-曼谷 CI837，A321neo，迎接2027。[S3]

我覺得主題航班能讓飛行本身成為回憶。華航這次把跨年體驗從出發前延伸到抵達後，讓我想到飯店也需要注意旅程中不同接點。不過，活動越特別，團隊越需要事先確認流程與旅客需求。我會希望活動簡單、可自由參與，且能因應飛行狀況調整，讓期待慶祝和想安靜休息的人都受到尊重。

A themed flight can make the journey itself memorable. China Airlines connects its New Year experience with services before departure and after arrival, which reminds me of hospitality's attention to the whole journey. I would favour simple, optional activities with clear crew coordination. Plans must remain flexible for flight conditions, while respecting both passengers who want to celebrate and those who prefer to rest.

追問：倒數遇亂流，旅客堅持站起來拍照？

依安全指示確保自身安全、請旅客就座繫帶，活動暫停或調整。

Follow safety instructions, ask them to sit and fasten their belt, and pause the activity.

避雷：截至11/13為已宣布的未來活動，不說已搭乘或一定補辦。

新聞：SAF與Wi-Fi

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

N3 華航40% SAF示範航班有何意義？

新聞延伸練習

What does the 40% SAF demonstration mean to you?

記憶線：特定示範 / Book & Claim / 一線實踐

9/13 CI073 台北-阿姆斯特丹；40% SAF為特定Book & Claim安排。[S4]

我注意到華航把40% SAF安排用在台北到阿姆斯特丹的長程示範航班，採用Book and Claim方式。對我而言，意義在於和夥伴一起測試減碳做法，而不是宣稱飛行已經零碳排。空服員能做的是確認用品需求、減少不必要耗用，並準確介紹旅客可選的服務，讓永續措施落到日常，而不是只剩口號。

The demonstration interests me because it brings partners together to test lower-carbon aviation. The reported 40% SAF arrangement used Book and Claim for a specific long-haul flight; it does not mean every aircraft uses that proportion or that flying has become carbon-free. As cabin crew, I could support the effort by checking needs, avoiding unnecessary waste, and explaining passenger choices accurately without overstating benefits.

追問：旅客說環保只是減少服務，怎麼回答？

先問他需要什麼，再說明可提供的選項，不責備旅客的選擇。

Ask which service they need and explain available choices without judging them.

避雷：Book & Claim是憑證分配機制，不能直接說該班油箱混摻40%。

依據：S4 華航 2026-09-14

N4 旅客以為所有人都能免費上網，怎麼說？

服務政策延伸練習

How would you explain the free Wi-Fi differences?

記憶線：需求 / 適用資格 / 不保證連線

分清免費文字訊息與網頁瀏覽；依當班、艙等及會員資格確認。[S5]

我會先確認旅客是想傳訊息還是瀏覽網站，再核對當班機型、艙等和會員適用方案。指定機型的經濟艙可使用免費文字訊息，其他免費瀏覽權益則有資格差異。我會協助他找到適用方案，說明限制；若無法連線，就確認狀況並回覆，不把所有航班都能免費上網，或一定能恢復，當成保證。

I would first ask whether the passenger wants messaging or web browsing, then check the aircraft and their eligible plan. Economy passengers on eligible aircraft can use free messaging, while free browsing depends on cabin or membership eligibility. I would explain the suitable option and its limits. If the connection fails, I would check the situation without promising service on every aircraft or guaranteed recovery.

追問：商務艙是否代表任何情況都能連上？

不代表。設備、適用機型與連線狀況仍有限制。

No. Equipment availability and connection conditions still apply.

避雷：B777/A350/A321neo有提供；部分A350、A321neo例外。[S5]

依據：S5 華航Wi-Fi頁，查閱11/13

新聞：彩繪機與天合聯盟

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

N5 皮卡丘彩繪機對品牌有什麼幫助？

年度品牌延伸練習

How can the Pikachu livery support the brand?

記憶線：CI2 / 臺灣花磚 / 服務接得上

4/1發布第二架寶可夢主題彩繪機CI2，延伸機場與客艙接點。[S6]

我認為彩繪機的價值，是讓旅客一眼記住品牌，再把期待延伸到旅程。CI2把寶可夢和臺式花磚放在一起，既有熟悉的角色，也帶出地方特色。如果我是組員，會先熟悉當班主題用品和供應範圍，再簡單介紹，不因旅客是粉絲就保證限定品。漂亮的設計能吸引注意，現場清楚而一致的服務才能接住期待。

The CI2 livery combines familiar Pokémon characters with Taiwanese tile patterns, making the aircraft memorable while sharing a local story. I think the brand benefit depends on whether the experience continues through the journey. As crew, I would know which themed items were actually available and explain them clearly. An attractive design creates interest; consistent service helps turn that interest into a positive travel memory.

追問：限定禮物用完了，粉絲生氣怎麼辦？

理解期待、確認庫存與規定，再提供確實可行的選項，不私自保證補寄。

Acknowledge the disappointment, check availability, and offer only options we can actually provide.

避雷：CI2是A350、13隻寶可夢；不保證指定航班一定由彩繪機執飛。

依據：S6 華航 2026-04-01

N6 天合聯盟能帶給旅客什麼？

年度產業延伸練習

What benefits can SkyTeam bring to passengers?

記憶線：2011加入 / 轉機接點 / 核對權益

2011加入SkyTeam；15週年官方稿發布日為9/16。[S7]

華航在2011年加入天合聯盟，今年迎來十五週年。我認為聯盟的價值，是透過夥伴航網和合作服務，讓不同航段更容易銜接。但旅客最在意的往往是眼前的問題，例如行李能否直掛、哩程如何累積。我會先確認機票、承運航空和會員資格，再說明適用權益，而不是只因同屬聯盟，就保證每項服務都一樣。

China Airlines joined SkyTeam in 2011, reaching its fifteenth anniversary this year. The alliance can connect partner networks and make journeys easier, but passengers often need practical answers about baggage, miles, or transfers. I would check the ticket, operating carrier, and membership eligibility before explaining a benefit. Belonging to the same alliance does not mean every service is automatically identical on every itinerary.

追問：一定能行李直掛、使用貴賓室嗎？

要核對行程、機票與資格，不一概保證。

I would check the itinerary, ticket conditions, and eligibility before confirming.

避雷：不必硬背容易變動的航點總數；先懂旅客實際需求。

依據：S7 華航 2026-09-16

創意：Miffy與臺灣茶文化

先記三個關鍵點，再用自己的語氣說。標示「優先熟練」的12題先完成一輪。

C1 推薦哪個IP與華航合作？

創意提案，非既有合作

Which character would you suggest for a collaboration?

記憶線：Miffy / 探索臺灣 / 授權核對

我會推薦Miffy。它簡單的線條能做出清楚、有辨識度的彩繪。我想用跟著Miffy探索臺灣為主題，把街景和早餐店畫進旅程，再延伸成記錄旅行的小卡。角色不只可愛，也能帶出地方故事和互動。正式提案前，會確認授權範圍、既有航空合作與成本，再決定能執行到什麼程度。

I would suggest Miffy. Its simple lines could make the aircraft distinctive without making the design too busy. My idea is 'Exploring Taiwan with Miffy,' featuring local streets and breakfast shops, with a small card for passengers to record a travel memory. The character would help tell a local story. Licensing, existing airline partnerships, and costs would need to be checked before developing the proposal.

追問：Miffy已和其他航空品牌合作過呢？

知道KLM曾有活動合作，會核對授權限制；差異放在臺灣故事，不宣稱首創。

I would check the restrictions and focus on a Taiwan story, without claiming a first-ever partnership.

避雷：這是妳的提案，並非華航已宣布合作；不說從未與航空業合作。

依據：S9 Miffy官方授權；S10 KLM 2012活動

C2 不使用IP，妳會設計什麼彩繪？

個人創意提案

What livery would you design without a licensed character?

記憶線：臺灣茶 / 蒸氣變雲 / 保留梅花

我會以臺灣茶文化為主題。茶讓我聯想到待客時願意停下來照顧人的心意，和飯店服務很有連結。機身可以從翠綠茶田延伸到茶葉，再讓茶杯蒸氣慢慢變成雲，保留梅花尾翼。我希望旅客遠看就能認出臺灣，也能從簡單的視覺故事感受到款待；不必把很多元素塞滿，仍要讓品牌清楚。

I would choose Taiwanese tea culture. To me, tea represents taking time to welcome someone, which connects with my hospitality experience. I imagine green tea fields and leaves along the aircraft, with steam gradually turning into clouds, while keeping the plum blossom on the tail. I want a simple visual story that introduces Taiwan and expresses warmth without making the airline's identity difficult to recognise.

追問：茶文化和Miffy哪一個是主答？

問自由設計用茶文化；問IP合作才用Miffy，依題目選一個說。

Use tea for an original livery and Miffy for an IP collaboration question.

避雷：不要同時講完茶、穿山甲與Miffy，讓主題失焦。

依據：本人已選茶文化第一版與Miffy方案

換細節，保留判斷與順序

【】與[ ]請填入真實、與題目有關的內容；不適用的句子刪除，不為湊時間硬填。

T1 動機與適任：為什麼這份工作／這家公司

真實觸發 → 能力證據 → 職務或公司連結

我想加入【職務／公司】，是因為【具體吸引我的責任或發展】。在飯店，我曾遇到【一件情境】，當時我【關鍵行動】，最後【真實結果】。這讓我確認自己喜歡【工作的具體部分】。我希望把【可轉移能力】帶進團隊，也清楚【需要補上的專業】必須透過正式訓練建立。

I am interested in [role/company] because of [a specific responsibility or development]. At the hotel, I once [a brief situation]. I [a concrete action], which led to [the real result]. That experience confirmed how much I value [a part of the work]. I hope to contribute [a transferable strength] while building [the new professional skill] through proper training.

怎麼填：工作動機放租車事件；華航動機放787跨部門準備。選一條線即可。

完整示範：本冊 02、03、04。

避雷：不把公司名替換後就原封不動套用；公司事實至少一項。

T2 真實經驗：優點、成就、團隊與跨文化

情境一句 → 行動兩句 → 結果與學到什麼

在飯店工作時，一位旅客因為【具體困難】需要協助。我先【確認了什麼】，接著【最重要的行動】，並和【實際協作對象】確認【關鍵資訊】。最後【能確認的結果】。這件事讓我學到【具體工作習慣】。在客艙，我會延續這個習慣，但處理方式仍依當班資源與正式程序調整。

At the hotel, a guest needed help with [a specific difficulty]. I first [what I checked], then [the main action], and coordinated with [the actual person involved] to confirm [a key detail]. In the end, [the real outcome]. I learned to [a concrete work habit]. In the cabin, I would bring that habit while adapting my actions to the available resources and procedures.

怎麼填：S-A租車可把協作對象填租車公司；S-B報到沒有其他同事就刪掉協作句。

完整示範：本冊 09、10、11、13。

避雷：沒有的協作、結果或稱讚直接刪除；不要為湊模板補故事。

換細節，保留判斷與順序

【】與[ ]請填入真實、與題目有關的內容；不適用的句子刪除，不為湊時間硬填。

T3 客訴與資源不足：先聽懂，再提供選項

需求與風險 → 確認限制 → 替代 → 回覆

我會先確認旅客最急迫的需要，並理解【具體困擾】。接著核對【資源或原本安排】，清楚說明已確認的限制。如果【原要求】無法提供，就在權限內提出【可行替代】，必要時請合適人員協助。我也會告知下一步並回來確認結果，不讓旅客只聽到不能做，或得到另一個無法實現的承諾。

I would first identify the passenger's most urgent need and acknowledge [the specific difficulty]. Then I would check [the resources or original arrangement] and explain any confirmed limitation. If [the request] is unavailable, I would offer [a workable alternative] within my authority and seek appropriate support where needed. I would explain the next step and follow up, rather than leave the passenger without a response.

怎麼填：餐點缺漏：核對預訂與可用餐點；Wi-Fi：核對方案與資格。替代方案依題目換。

完整示範：本冊 12、15、16、N4。

避雷：先評估風險；緊急狀況不能等旅客說完整段故事才處理。

T4 安全與異常：清楚立場、及時行動

具體風險 → 受訓行動 → 分工通報 → 持續確認

這涉及【具體安全風險】，我會先依訓練採取【必要的即時行動】，並確保自身安全。我會清楚請旅客【需要配合的行為】，和組員協調，依程序通報【適當負責人】。若對方仍不配合或狀況升高，就尋求支援。後續持續觀察並交接，不為了活動、方便或怕被客訴而放寬安全要求。

This involves [a specific safety risk]. I would take the immediate action required by my training and protect my own safety. I would clearly ask the passenger to [the required behaviour], coordinate with the crew, and report through the proper procedure. If the situation continued or escalated, I would seek support. I would keep monitoring and hand over relevant information without making a safety exception.

怎麼填：行動電源：停止使用、規範收放；亂流：依指示確保自身安全、請旅客就座繫帶。

完整示範：本冊 21、22、23、24、N2。

避雷：這是面試判斷骨架，不是航空操作手冊；不編造未受訓的技術步驟。

換細節，保留判斷與順序

【】與[ ]請填入真實、與題目有關的內容；不適用的句子刪除，不為湊時間硬填。

T5 新聞與產業：事實一項、觀點一個

來源與日期 → 為何在意 → 一線可做什麼

我注意到【日期／官方來源】發布【一項事實】。我印象深刻的是【具體原因】，因為它會影響【旅客或團隊的需求】。這讓我想到飯店的【相關但不同的經驗】。如果是客艙第一線，我會【一項能執行的做法】。不過【計畫或適用條件】仍須確認，我不會把尚未實施的內容當成保證。

On [date], [official source] announced [one confirmed fact]. What interests me is [a specific reason], because it affects [a passenger or team need]. It reminds me of [a relevant hotel experience]. In the cabin, I would contribute by [a practical action]. I would still check [the condition or implementation status], rather than present a plan as a guaranteed service on every flight.

怎麼填：787：設備與訓練；SAF：不誇大成效；聯盟：核對票與資格。沒有自然故事可刪飯店句。

完整示範：本冊 N1至N6。

避雷：不要為了時事題硬接飯店，也不把觀點說成官方結論。

T6 誠實、隱私與界線：有禮但不讓步

直接表態 → 確認事實與權限 → 可行正規管道

我不會【不當或不實的行為】。我會先確認【有無資訊落差或正當需求】，再清楚說明【應守的界線】。在可以協助的範圍，我會提供【正式管道或替代方式】；若持續被要求越界，就依程序尋求適當支援。對我而言，尊重旅客與同事，也包含保護隱私、傳達準確資訊，而不是為了避免衝突就答應。

I would not [the inappropriate or misleading action]. I would first check [a possible information gap or legitimate need], then explain [the boundary] clearly and respectfully. Where possible, I would offer [an official channel or appropriate alternative]. If the request continued, I would seek support through procedure. Being considerate also means protecting privacy and communicating accurately, rather than agreeing simply to avoid an uncomfortable conversation.

怎麼填：私人電話換公務聯絡；不實延誤原因先核對資訊；查乘客資料需正當工作目的。

完整示範：本冊 17、18、19、20。

避雷：誠實不等於公開所有機密；依可對外傳達的已確認事實說明。

換細節，保留判斷與順序

【】與[ ]請填入真實、與題目有關的內容；不適用的句子刪除，不為湊時間硬填。

T7 創意提案：讓人看得到，也說得出限制

一個主題 → 兩個畫面 → 旅客價值 → 可行性

我會選【主題／角色】，因為它能表達【與品牌或自身的連結】。具體來說，我想把【畫面一】和【畫面二】放進設計，再延伸成【一項簡單互動】。我希望旅客能【一個可理解的感受或收穫】。正式執行前，會確認【授權、成本或安全條件】，讓提案不只吸引人，也有清楚的實現方式。

I would choose [one theme or character] because it connects with [the brand or my experience]. I imagine [one visual element] together with [another], extended into [one simple passenger interaction]. I want travellers to [a clear benefit or feeling]. Before developing it, I would check [licensing, cost, or safety conditions], so the proposal has a practical direction as well as an attractive idea.

怎麼填：Miffy：臺灣街景 + 早餐店 + 旅行小卡；茶文化：茶田 + 蒸氣成雲。

完整示範：本冊 C1、C2。

避雷：不說一定增加多少收入、一定獨家或一定能取得授權。

T8 反思與成長：承認問題、給出改變

具體不足 → 自己承擔 → 新做法 → 驗證

我曾在【具體情境】沒有把【自己的責任】做好，造成【實際影響】。我先【當時的補救】，也注意到問題在於【具體原因】。之後我會用【可以執行的新做法】改善，並透過【核對或回饋】確認效果。這讓我理解，成長不是說自己以後不再犯錯，而是願意把不足轉成看得見的行動。

In [a specific situation], I did not handle [my responsibility] well, which led to [the actual impact]. I first [what I did to address it] and recognised that [a specific cause] was the problem. I would improve by [a practical change] and check the result through [feedback or verification]. Growth means turning a weakness into action, rather than promising that I will never make mistakes.

怎麼填：禮遇未說完整：致歉補說明；延誤舊答：修正資訊觀念。新做法若已落實可改用過去式。

完整示範：本冊 06、08、11。

避雷：不把「完美主義」當假缺點，也不編出沒有紀錄的改善成績。

較少口語，但面試很有用的字

篇數 = 現行189則英文主答與追問中，含此詞族的則數；0則標為實用補充，不冒稱高頻。

01 acknowledge / 表示理解、正視

13/189則

acknowledge the concern | I would acknowledge their concern before explaining the options.

承認對方的困擾，不等於未查證就承認公司有過失。

02 reassure / 讓人安心

實用補充

reassure the passenger | I would reassure them by explaining what we are checking.

靠清楚資訊與行動讓人安心，不保證一定安全、準點或有補償。

03 clarify / 釐清、說清楚

20/189則

clarify the request | I would clarify whether the guest needs messaging or web browsing.

重點是消除意思或需求的模糊；不等於已證實資訊。

04 verify / 查證、驗證

21/189則

verify the information | I would verify the information before sharing it with passengers.

強調核實正確性；可用正式資料、負責人員或核准流程查證。

05 confirm / 確認為真、確認安排

36/189則

confirm the information / confirm with… | I would confirm the arrangement with my colleague.

比check更偏確認結果；先查核再確認。

06 assess / 評估

2/189則

assess the situation | I would assess the situation and seek the appropriate support.

不是自行診斷；依受訓範圍辨識風險與支援需求。

07 prioritise / prioritize / 排優先順序

2/189則

prioritise urgent needs | I would prioritise safety and urgent needs.

依風險與時效排序，不按音量、身分或個人喜好。

08 coordinate / 協調、分工

13/189則

coordinate with the crew | I would coordinate with the crew to avoid duplicate tasks.

說清楚跟誰、協調什麼，不只喊團隊合作。

09 accommodate / 配合需求、安排容納

1/189則

accommodate a request | I would check whether we could accommodate the request safely.

不保證所有要求都能滿足；accommodation也常指住宿。

10 resolve / 解決

3/189則

resolve the issue | I would focus on what we could do to resolve the issue.

resolve a problem；不是每次都能完全滿足原要求。

較少口語，但面試很有用的字

篇數 = 現行189則英文主答與追問中，含此詞族的則數；0則標為實用補充，不冒稱高頻。

11 escalate / 升高；向上反映處理

1/189則

escalate a concern / the situation escalates | If the threat escalates, I would seek immediate support.

狀況升高與向適當主管反映是兩種用法。

12 comply / 遵守、配合

實用補充

comply with safety instructions | If they refuse to comply, I would seek crew support.

comply with +規定／指示；不直接接一個人。

13 maintain / 維持

7/189則

maintain professional boundaries | I would maintain a professional boundary while offering help.

可接standards、composure、privacy等，別只背maintain service。

14 anticipate / 預先想到、預判

實用補充

anticipate a need | I would anticipate possible difficulties and confirm the guest's needs.

預判後仍要詢問；不能只憑外表替人決定。

15 adapt / 適應、調整

2/189則

adapt to a new environment | I would adapt my communication to the guest's needs.

adapt to +環境；adapt something to +需求。

16 procedure / 程序、作業流程

20/189則

follow the correct procedure | I would follow the correct procedure and report the concern.

policy是政策原則；procedure是執行步驟。

17 responsibility / 責任、職責

18/189則

take responsibility for… | I would take responsibility for the incomplete explanation.

先承擔自己的部分，再說明補救與改善。

18 authority / 權限；主管機關

1/189則

within my authority | I would offer an option within my authority.

這裡是工作權限；複數authorities也可指主管機關。

19 composure / 鎮定、沉著

實用補充

maintain my composure | I would maintain my composure and focus on the immediate need.

和composition不同；保持穩定仍要採取行動。

20 discretion / 審慎拿捏、謹慎保密

實用補充

use discretion | I would use discretion when discussing sensitive information.

不代表自行決定可公開；敏感資訊仍依規範與權限。

較少口語，但面試很有用的字

篇數 = 現行189則英文主答與追問中，含此詞族的則數；0則標為實用補充，不冒稱高頻。

21 confidential / 機密的、應保密的

實用補充

confidential information | I would not post confidential information on a private account.

私帳不等於內容不會外流；也包含內部資料。

22 consent / 同意

1/189則

ask for consent | I would ask for consent before helping with personal information.

拍照、手機與資料都要尊重意願；同意仍不能取代公司規定。

23 privacy / 隱私

9/189則

protect passenger privacy | I would protect passenger privacy, including when speaking to friends.

去掉姓名仍可能辨識本人；避免貼出細節。

24 eligibility / 資格、適用條件

5/189則

check eligibility | I would check eligibility before confirming the Wi-Fi benefit.

把eligible與eligibility合為一組，不重複占單字名額。

25 availability / 供應或可用情況

1/189則

check availability | I would check availability before promising a seat change.

available是形容詞；availability是名詞。

26 alternative / 替代方案

7/189則

a workable alternative | I would explain the limit and offer a workable alternative.

要真的可行；不能把沒有的升等或補償當替代。

27 limitation / 限制、能力或資源不足

2/189則

explain the limitation | I would explain the limitation and offer an available option.

通常指可行範圍；restriction較常指規則限制。

28 restriction / 規範限制、限制條件

5/189則

a safety restriction | I would explain the safety restriction clearly.

dietary restrictions是飲食限制；依上下文判斷。

29 assistance / 協助

6/189則

offer assistance / seek assistance | I would seek assistance when the request exceeded my authority.

不可數；用offer assistance，不說an assistance。

30 compensation / 補償；補償的動作

實用補充

request compensation / compensate someone | I would check the policy rather than promise compensation.

不要未獲授權就答應金額、升等、退費或免費用品。

較少口語，但面試很有用的字

篇數 = 現行189則英文主答與追問中，含此詞族的則數；0則標為實用補充，不冒稱高頻。

31 disruption / 營運或旅程中斷

實用補充

a flight disruption | During a disruption, accurate updates help passengers plan.

可涵蓋延誤、取消等；不等於單一固定原因。

32 diversion / 轉降

1/189則

a diversion to another airport | After a diversion, I would check the onward travel arrangements.

是改降其他機場，不是旅客自行改旅行目的地。

33 turbulence / 亂流

1/189則

during turbulence | During turbulence, I would follow the crew's safety instructions.

通常不可數；不要說a turbulence。

34 destination / 目的地

5/189則

reach the final destination | I would check their final destination and onward connection.

不是departure出發，也不是必然等於眼前這一段的抵達地。

35 itinerary / 完整行程

實用補充

check the itinerary | I would check the itinerary before explaining transfer options.

可包含多個航段與日期；不要只看一個航班。

36 connection / 轉機銜接、連線

14/189則

a connecting flight / a tight connection | I would check whether the delay affects their connecting flight.

航空題指轉機；Wi-Fi題可能指網路連線。

37 transit / 過境、中轉

實用補充

transit requirements | I would check the itinerary and refer transit questions to the proper channel.

入境與過境條件可能不同；不憑記憶替旅客保證。

38 departure / 出發、起飛

6/189則

a confirmed departure time | I do not have a confirmed departure time yet.

注意讀音與拼字；和destination目的地不同。

39 evacuation / 緊急撤離

實用補充

an emergency evacuation | I would follow my training during an emergency evacuation.

面試談受訓與分工，不編造未受訓的操作口令。

40 precaution / 預防措施

實用補充

a safety precaution | I would explain that the restriction is a safety precaution.

說明措施目的，不代表可以自行更動規則。

較少口語，但面試很有用的字

篇數 = 現行189則英文主答與追問中，含此詞族的則數；0則標為實用補充，不冒稱高頻。

41 allergen / 過敏原

1/189則

check allergen information | I would check the meal information without promising it is allergen-free.

看不見或移除食材都不能保證沒有接觸過敏原。[S11]

42 dietary restriction / 飲食限制

1/189則

ask about dietary restrictions | I would ask about dietary restrictions before suggesting a meal.

比vegetarian更廣，可能與宗教、健康或個人需求有關。

43 contamination / 污染；餐食情境可指沾染

實用補充

cross-contamination | I would not assume that removing an ingredient prevents cross-contamination.

食材移除後仍可能接觸過敏原，需查核正式資訊。[S11]

44 purser / 座艙長

4/189則

notify the purser | I would notify the purser about the continuing safety concern.

遇到需要通報的情況，說明觀察到什麼與需要什麼支援。

45 overhead compartment / 上方行李置物櫃

實用補充

store a bag in the overhead compartment | I would check that baggage is stored according to procedure.

行動電源的收放須另依現行規定，不因行李放這裡就跟著放。

46 aisle / 走道

實用補充

keep the aisle clear | I would ask passengers to keep the aisle clear.

注意拼字；不是isle島嶼。

47 sustainability / 永續、可持續性

1/189則

support sustainability | I would support sustainability without overstating the benefits.

和sustainable合為同一組；不等於零碳排。

48 handover / 交接

14/189則

a clear handover | I would give a clear handover so the request was not lost.

交接要有狀況、已做事項、待辦與接手人。

49 accountability / 對結果負責、可追究責任

實用補充

be accountable for… | I would be accountable for my mistake and take steps to correct it.

responsibility偏職責；accountability強調對行動與結果負責。

50 contingency / 備案、突發狀況的應變安排

實用補充

a contingency plan | I would check the contingency plan instead of improvising.

不是自己發明程序；先理解核准的備案。

單字連成一組，比逐字翻譯好用

數字是原稿中此連續片語的出現篇數。以下例句另作整理，可替換情境細節。

01 confirmed information / 已確認資訊 (3/189則)

Share confirmed information without guessing.

02 available options / 目前可用的選項 (3/189則)

Explain the available options and their limits.

03 passenger needs / 旅客需求 (6/189則)

Identify passenger needs before offering a solution.

04 company policy / 公司政策 (2/189則)

Check company policy before posting work content.

05 safety procedures / 安全程序 (2/189則)

Follow safety procedures even during busy service.

06 step by step / 一步一步 (2/189則)

Guide the guest through the process step by step.

07 ask for help / 尋求協助 (3/189則)

Ask for help when a task exceeds your ability.

08 rather than / 而不是 (50/189則)

Verify the cause rather than make a guess.

09 within my / 在我的…範圍內 (11/189則)

I would act within my training and authority.

10 follow up / 後續追蹤 (3/189則)

I would follow up to make sure the request was not lost.

注意：不是每個實用搭配都在詞頻榜最前面。先把confirmed information、available options、within my authority與rather than用熟，就能說得更精準。

六個常見句型，接具體內容

句型片段來自現行擬答；中英文示例另整理。情境題用would，真實故事改用過去式。

I would first… / 先做什麼 (20/189則)

I would first confirm what the passenger needs.

我會先確認旅客需要什麼。

適用假設情境；下一句要給具體行動，不再堆first、second。

I would check… / 查核條件 (16/189則)

I would check whether the option is available.

我會確認這個選項目前能否提供。

whether接是否；check with接核對對象，如the crew。

I would ask… / 詢問／要求配合 (14/189則)

I would ask the passenger to sit down and fasten their seat belt.

我會請旅客就座並繫好安全帶。

ask someone to +原形動詞；不要少了to。

I would explain… / 清楚說明 (23/189則)

I would explain what is confirmed and what is still being checked.

我會說明已確認的內容，以及仍在查核的部分。

避免只說I would explain politely卻沒有說明內容。

I would not… / 明確界線 (36/189則)

I would not promise a service before confirming it is available.

我不會在確認可提供之前，就先保證有這項服務。

說完不做什麼，再接能做的事；不用每題都以否定開頭。

rather than… / 表達判斷差異 (50/189則)

I would seek support rather than guess about safety.

涉及安全時，我會尋求支援，而不是猜測。

rather than後接與前面平行的動作；這裡seek與guess平行。

快問快答：先給核心，再依追問展開

這頁是短追問，不需硬撐到30-45秒；遇到安全風險，處理順序依受訓程序。

旅客說別家可以用行動電源

我會說明本公司的安全規範，提供可行選項，不替他航下結論。

I would explain our safety requirements and check available options.

餐點成分不確定、有過敏疑慮

先核對正式資料與組員；不憑外觀猜測、不保證完全無過敏原。[S11]

I would verify the meal information without guaranteeing an allergen-free meal.

旅客拿手機拍攝、威脅公審

穩定處理需求、留意安全與其他人隱私；不搶手機或反拍。

I would address the complaint calmly and seek support if duties or safety were affected.

輪班或長程飛行很疲倦

管理休息；若影響安全執勤，如實反映並依程序尋求評估。

If fatigue affected my ability to work safely, I would report it honestly.

旅客指定查明星是否搭同班機

沒有工作目的就不查、不確認、不轉傳。

I would not access passenger records for a personal request.

能不能用私人AI翻譯旅客資料

不把個資送進未核准工具；重要內容須核對並尋求適當協助。

I would use approved tools and verify important information.

旅客問多久一定起飛

只說已確認時間；沒有時間就明說仍在確認，不自行猜。

I do not have a confirmed departure time yet; I would seek an update.

為什麼不是其他航空公司

尊重各家公司，回到自己研究華航的具體理由與能投入的工作。

I respect each airline; my choice is based on what I have learned about China Airlines.

妳有什麼需要改善

可談正在練習精簡表達：先回答重點，再用一件事證明，不背假缺點。

I am practising more concise answers: one clear point, one relevant example, and a short takeaway.

公司建議想不到新點子

可延伸服務資訊：把限制、適用資格與人工協助入口說得更清楚，不宣稱從未有人做。

I would make eligibility, limits, and the next help channel easier to understand.

用10分鐘，跑一輪一對多面談

以妳的面試回顧，一對多面談優先；不用把衝刺時間放在不相干的團討技巧。

0:00-3:00 英文連續四題

01自介 → 02動機 → 03為什麼華航 → 09租車案例。每題上限45秒；抽題後先停一拍，再回答。

3:00-6:00 中文判斷與追問

17延誤說實話 → 22資深同事漏步驟 → 23行動電源。每題答完，立刻加問一次「如果不配合／主管不同意呢？」

6:00-8:00 新聞與創意

N1至N6任挑一則，用一個事實 + 自己的觀點；再回答C1 Miffy。把事實、自己的想法與未確認限制分開。

8:00-10:00 回聽與重說

只改三件事：第一句有沒有直接回答？有沒有一個具體行動？是否超過45秒？只重說最弱的一題，不整段重新抄稿。

被打斷或腦中空白時

請容我想一下。 Let me think for a moment.

我可以先確認一下您的意思嗎？ May I clarify what you mean?

簡單回答，我會先核對資訊，再誠實說明。 Briefly, I would verify the facts and communicate honestly.

收尾提問：只問一個真正在意的問題

新進組員在受訓初期，最需要先建立什麼核心能力？
What capability do you most want new cabin crew to build early in training?

回聽自評：直接答題 / 事實一致 / 一個例子 / 安全與權限清楚 / 有結果或下一步 / 時間內說完。這是自我檢查，並非航空公司評分標準。

個人與詞頻來源

個人故事沿用妳已提供並存於網站的服務資料；本冊沒有另加文化藝術中心主線，也沒有新增虛構經歷。韓文採本人11/13版本。中英文核心題為本次衝刺精簡稿，網站原有長版仍可對照。

詞頻範圍：網站現行189則a_en，包含主答與追問，每則只計一次出現篇數；不計題目、提示、舊版備選與其他航空公司。詞族合併常見單複數與動詞變化，不作詞性判別。50詞按實用性選取，並非純詞頻前50名；搭配與例句另作整理。

網站：完整雙語題庫與錄音練習

規劃、活動、供應與會員權益會變動；上場前重看所選一則新聞和當次招募通知。30-45秒是編排目標，仍以妳自己的正常語速錄音確認。

最後10分鐘，只看這一頁

不要再開新題。先穩住內容，再穩住節奏；不需要把所有材料塞進每個回答。

1 讓人記住妳

張萱利 Shelly / 凱悅櫃檯 / 英韓溝通 / 多確認一步。自介只帶一個例子；韓文OOO換成姓名。

2 三個故事入口

加拿大 = 連假租車；哥倫比亞 = 中文線上報到；高卡會員 = 禮遇未說完整。每次只選一個，不交換國籍、原因與結果。

3 三條判斷底線

誠實：已確認就清楚說，不知道就查。安全：必要行動與通報不等下班。界線：不靠透露個資、私下聯絡或不實承諾換滿意。

4 新聞只記一條線

787：跨部門準備，圖是示意；SAF：特定Book & Claim安排；Wi-Fi：方案與資格要確認。選最熟一則，不背所有數字。

5 創意與說話節奏

問IP = Miffy探索臺灣；問自由彩繪 = 茶田、茶杯蒸氣成雲。先答題、給一個細節、收一句；中文或英文各30-45秒。

英文卡住時，抓這四個動作就夠

clarify the need → verify the facts → offer a workable option → follow up

資料、報到時間、交通與服裝依通知確認。進場後先聽完整題目，主要看提問考官，也自然照顧其他考官；答完停住，留空間給追問。

我要讓考官看見：我做過什麼、怎麼判斷，以及我願意學。
